This is an employee suggestion which has been submitted to the Clandestine Services Operations Suggestions Program (CSOSP). The CSOSP has the function of encouraging the submission of operational ideas and of processing them to the proper Special Staff element for further processing with the appropriate action elements for consideration and adoption.

If an idea is good and likely to be adopted, we would like to get it to the ultimate action element as soon as possible; and see that suitable recognition is given to the contributor. If the idea is not to be adopted, we wish to advise the contributor why (within security considerations) the suggestion is not accepted for adoption.
